📘 Primary Chapters Where DVHRTs Are Discussed in *No Visible Bruises* by Rachel Louise Snyder

✅ Part II: The Detective

- **Chapters 7–10 (roughly):**
  This section follows **Detective Mark Wynn** and explores how law enforcement, advocates, and researchers began identifying **patterns in high-risk domestic violence cases**.
- Snyder introduces the concept of **predictive indicators of lethal violence**, which leads into a discussion about **High Risk Teams**.
- She also references the **work of Jacquelyn Campbell** (creator of the Danger Assessment), which is foundational for DVHRTs.

📌 What You'll Learn in These Chapters:

- How **DVHRTs operate** by bringing together police, advocates, prosecutors, and healthcare providers.
- How they use **data and patterns** to identify the most at-risk victims before a homicide occurs.
- Real-life examples where DVHRTs have **intervened to prevent fatal outcomes**.
- Challenges in **implementing coordinated responses** in systems that often work in silos.

🧠 Key Themes:

- **Prevention through collaboration**
- **Data-driven risk assessment**
- **Changing law enforcement culture**
- **Early intervention to save lives**
- **Systems change**

If you're trying to locate the exact pages, it will vary slightly depending on whether you're using:

- Hardcover
- Paperback
- Audiobook **(See below)**
- eBook (Kindle, etc.)

In the **Audible audiobook** version of *No Visible Bruises* by Rachel Louise Snyder, the discussion about **Domestic Violence High Risk Teams (DVHRTs)** mainly takes place in:

🎧 **Part II: The Detective**

This begins around **Chapter 6 or 7 in the audiobook** and continues through **Chapter 10** (depending on how your version is indexed).

⏱️ **Approximate Timestamp Range (Audible Audiobook):**

🕓 **Between 4 hours and 6.5 hours into the audiobook**
(out of a total runtime of about 10.5 hours)

🔍 **What You'll Hear in This Section:**

- The introduction of **Detective Mark Wynn** in Nashville, a leader in reforming police response to domestic violence.
- Explanation of how **high-risk teams** were created to identify victims in **immediate danger of being killed**.
- References to **Jacquelyn Campbell's Danger Assessment**, and how it's used in **DVHRTs** to flag the most lethal cases.
- Real-world stories showing how collaboration among police, advocates, and medical staff can **prevent homicides**.

🎙️ **Tip for Audible Users:**

If you're using the Audible app:

1. Tap the **chapters icon** (it looks like a bulleted list).
2. Look for chapter titles like **"The Detective"** or **"The Team"**.
3. You can also **use the search bar** in the audiobook (if available) and type "high risk" or "Danger Assessment" to jump directly to those mentions.

Most audiobook platforms (Audible, Google Play, Apple Books) don't offer closed captions like TV or movies do. Pairing with the **eBook** is the most reliable and accessible solution for closed captions or transcriptions.
